

Get Up To \$250,000 In Working Capital For Your Business

Why We're Unique

The Allied Merchant Working Capital Program is unique because it allows you to leverage an asset most businesses don't realize they have, their future Visa/ Mastercard processing receipts.

Unlike a bank loan, we have a 90% approval rate. Most banks reject small business requests for loans and credit lines.

And with our program, after you pay off the majority of your working capital cash advance, you can apply for additional funding.

For more information on getting started, Please Call

How the Program Works

Get up to \$250,000 in working capital for a business against its future Visa/Mastercard credit card processing receipts.

Has your business been turned down by a bank for a loan or credit line? No problem.

We have a 90% approval rate with funds typically available within 7 days or less.

Use our working capital for anything:

- Purchase more inventory
- Expand/renovate
- Open new locations
- Advertise/market
- Pay off past debt
- And anything else you can think of!

Our requirements are simple:

Be in business for at least one year (or have previous experience in owning a similar business)

Business must process at least \$2,500/month in Visa/Mastercard from its customers

* This is not a loan product

Compare the Difference

Allied Merchant Capital	The Banks
A 90% approval rate on working capital cash advance requests	Reject most small business loan or credit requests
Approvals on average of 24 - 48 hours	Approvals on average of 1 -4 weeks
Funding available in 7 days or less	Funding time can be as much as 4 - 8 weeks
No fixed monthly payment to worry about. We take a % of your future sales until we are paid back. If you have a slow month, our paybacks slow down	Typically have a fixed monthly payment. Failure to make this monthly payment can result in a default of a bank loan
